

Beck & Pollitzer heads to the Carolinas

Global engineering services provider, Beck & Pollitzer, has acquired Clarkson Industrial Inc of South Carolina. In securing one of the East Coast of America's major installation providers, Beck & Pollitzer advances its strategy to support its blue chip customers in the North American market.

Commenting on Beck & Pollitzer's move into North America, Company CEO Andrew Hodgson explained:

"The combined strength of Beck & Pollitzer and Clarkson Industrial Inc produces a unique organization that can truly deliver an unparalleled machinery installation and relocation service throughout North America and across the globe. We are excited by the opportunity that this acquisition gives us to accelerate our strategy and expand our presence in this important market. We are delighted to welcome our new colleagues at Clarkson into the Beck & Pollitzer family and the opportunity to collaborate in supporting our current and future customers"

Clarkson Industrial Inc is one of the East Coast's leading providers of engineering solutions. With a Head Office in Spartanburg, South Carolina, Clarkson Industrial Inc has been in operation since 1947, offering an outstanding service and commitment to their clients across the USA. With mechanical, installation and electrical featuring amongst their many services, and an extensive experience in Automotive, Aerospace and manufacturing industries, Clarkson Industrial Inc has been long established as the 'go to' service provider throughout the South Eastern United States.

The acquisition of Clarkson Industrial supports Beck & Pollitzer's strategy to secure worldwide presence and reach, supported by a superior global delivery supply chain. By integrating and reinforcing the talent and experience of Clarkson Industrial Inc, Beck & Pollitzer will continue to deliver local, timely and cost optimal solutions to clients whilst strengthening its position as the preferred Global engineering partner of some of the world's biggest brands.
